

Julian Andres Gomez Niño

SYSTEMS AND COMPUTER ENGINEERING STUDENT

Bogotá, Colombia

+57 300 461 3589 | juliangomezni@gmail.com | JulianGomezN | julian-andres-gomez-niño-b91820186

“As long you’re learning. You’re not falling.”

Summary

Systems and Computer Engineering student at the National University of Colombia, passionate about Artificial Intelligence, Machine Learning, and Generative Models. Experienced in backend software development and data-driven applications. Strong problem-solver with solid teamwork and leadership skills, and a mindset focused on adaptability and lifelong learning.

Education

National University of Colombia

Bogotá, Colombia

B.S. IN SYSTEMS AND COMPUTER ENGINEERING

Mar. 2022 - Present

- Developing strong foundations in Artificial Intelligence, Machine Learning, and Data Science.
- Engaged in academic and volunteer initiatives related to technology and management.

School RR Oblatas al Divino Amor

Bogotá, Colombia

ACADEMIC BACCALAUREATE

Feb. 2015 - Nov. 2020

- Graduated with focus on mathematics and computer fundamentals.

Work Experience

Currently focused on academic development and volunteer experience.

Skills

TECHNICAL SKILLS

Programming Python (Intermediate), Java (Intermediate), C++ (Basic), JavaScript (Basic), R (Basic), SQL (Basic)
Libraries NumPy, Pandas, Matplotlib, Seaborn, Scikit-Learn, FastAPI
Tools Excel (Basic), PowerBI (Basic)

INTERPERSONAL SKILLS

Team collaboration, Communication, Problem-solving, Curiosity, Analytical thinking

LANGUAGES

Spanish Native
English Intermediate (C1 EF SET)
German Basic

Certificates

Python Project for Data Science

IBM

Sep 2025

Official Certificate EF SET 61/100 (C1 Advanced)

EF SET

Jul 2025

Introduction to Statistical Analysis: Hypothesis Testing

SAS

May 2025

Python for Data Science, AI & Development IBM	Apr 2025
Introduction to Statistics STANFORD UNIVERSITY	Oct 2024
Data Science Methodology IBM	Sep 2024
Algebra and Differential Calculus for Data Science UNIVERSITY OF COLORADO BOULDER	Jul 2024
Tools for Data Science IBM	Jul 2024
What is Data Science? IBM	May 2024
Mathematics for Machine Learning: Linear Algebra IMPERIAL COLLEGE LONDON	Apr 2024
Introducción a la programación con Python UNIVERSIDAD AUSTRAL	Apr 2024

Extracurricular Activities

IEEE Technology & Engineering Management Society (TEMS UN) SECRETARY & MEMBER	Bogotá, Colombia Mar. 2022 – Present
- Coordinated administrative and communication activities within the student chapter. - Supported the organization of events focused on engineering and technology management. - Encouraged student participation in interdisciplinary and professional development initiatives.	
Generative Models Research Seminar MEMBER	Bogotá, Colombia Oct. 2025 – Present
- Continuous learning and exploration of different types of generative models. - Developed and redesigned the official website of the seminar.	
IEEE Computer Society MEMBER	Bogotá, Colombia Mar. 2025 – Present
Participated in technical outreach activities and the promotion of best practices in computer science.	
UNAL Finance Club (FIN-UN) MEMBER	Bogotá, Colombia Oct. 2024 – Present
Contributed to the analysis of financial and economic topics relevant to university management and student initiatives.
